

## National Power Corporation

### **ADVISORY**

#### **(for Un-rehired DAMA Claimants as Validated by COA)**

Please be informed that the National Power Corporation is already processing Batch 6 of the claims submitted to COA.

The claims, once validated, are received from COA in sets and not as a complete batch. As a result, NPC is constrained to **process the payments of claims as they are received by NPC** and will not be able to follow the alphabetical listing as submitted to COA.

This notwithstanding, please be assured that all COA validated claims shall be processed accordingly. To this end, we discourage claimants from making arrangements with anyone claiming the ability to fast track the processing of claims for monetary consideration. Claimants entering into these “special arrangements” do so at their own risk. NPC will deal with reported incidents administratively should these involve current NPC personnel. We remind that claimants need not spend anything aside from the documentary requirements in order for payment of claims to be processed.

NPC also reminds everyone to earnestly observe minimum health standards in all activities relating to the processing and receipt of claims, including compliance to health requirements from each claimant’s respective LGU or area of residence.

Thank you for your patience.
