

**ANNEX D**

**PROJECT SCREENING FORM 1 (FOR THE PROPONENT)  
ENVIRONMENT AND SOCIAL SCREENING FORM**

I. Name of the Proponent: \_\_\_\_\_

II. General Description of the Subproject

Subproject Type/Name	
Subproject Size/Capacity	
Subproject Category <sup>1</sup>	
Subproject Location / Address	
Estimated Subproject Cost	
Estimated Subproject Duration	

III. Subproject Location Sensitivity and Potential Impacts Screening

<b>ENVIRONMENTAL AND SOCIAL KEY ISSUES</b>	<b>YES</b>	<b>NO</b>	<b>REMARKS / DESCRIPTION / BASIS</b>
<b>THE LAND</b>			
Is the subproject consistent with the existing land use/zoning/classification or requires land conversion?			
Will the subproject encroach on any declared protected areas under National Integrated Protected Areas System (NIPAS) Act of 1992 and Expanded NIPAS Act of 2018?			
Will the subproject create negative impacts to terrestrial fauna/animal species?			
If yes, are there any threatened species involved?			
Will the subproject require land clearing, or cut and fill?			
Will the land be maintained at			

<sup>1</sup> According to the Project Categorization of the Department of Environment and Natural Resources (DENR). Please refer to DENR-Environmental Management Bureau (EMB) Memorandum Circular No. 2014-005, The Revised Guidelines for Coverage Screening and Standardized Requirements under the Philippine Environmental Impact Statement System (PEISS).

<b>ENVIRONMENTAL AND SOCIAL KEY ISSUES</b>	<b>YES</b>	<b>NO</b>	<b>REMARKS / DESCRIPTION / BASIS</b>
a natural grade or sunken that could cause flooding or water ponding?			
If yes, are there any be cutting or removal of flora/plants species or trees?			
Will land clearing result to loss of wildlife habitat or conversion of natural ecosystems?			
Will the subproject generate significant amount of solid wastes?			
Will the subproject use hazardous materials or generate hazardous wastes?			
<b>THE WATER</b>			
Will the subproject require significant amount of water to run its operations?			
Will the subproject require own extraction of water resources from surface or groundwater?			
Will the subproject discharge any waste materials to a water body?			
Will the subproject create negative impacts to aquatic species?			
Will the subproject result to loss of aquatic habitat such as mangroves and coral reefs?			
<b>THE AIR</b>			
Will the subproject emit air pollutants such as air particulates and green house gases?			
Will the subproject create noise?			
Will the subproject create			

<b>ENVIRONMENTAL AND SOCIAL KEY ISSUES</b>	<b>YES</b>	<b>NO</b>	<b>REMARKS / DESCRIPTION / BASIS</b>
glare light pollution?			
<b>THE PEOPLE</b>			
Will the subproject encroach on a property not owned by the proponent?			
Will the subproject require removal and/or creates damages on any legal and/or informal structures?			
Will the subproject require displacement of settlers?			
Will the subproject result to loss of source of livelihood?			
Will the subproject obstruct the delivery of basic services such as water and power supply?			
Will the subproject create negative impact on the existing traffic situation of the area?			
Will the subproject threaten public health and sanitation?			
Are Indigenous Peoples present in the subproject area?			
Will the subproject encroach on an ancestral domain?			
Will the subproject create disturbance on any cultural activity?			
Will the subproject affect any cultural property?			
Is the subproject located in a disputed area?
